CONTENTS

Hiroshima J. Med. Sci.
March 1996 volume 45 number 1

1 Differential Display of messenger RNA Expressed in Bronchoalveolar Lavage Cells in Pulmonary Sarcoidosis Patients. *Heru Wiyono WIWIEN, Keiko HIYAMA, Hiroyuki MAEDA, Shinichi ISHIOKA and Michio YAMAKIDO*

11 Immunohistochemical Localization of Apolipoprotein E in Renal Amyloidosis. *Yoshihiko TANIGUCHI, Noriaki YORIOKA, Kazuomi YAMASHITA, Hiroaki ODA, Li-Fang NIE, Xue-Feng YE YEU, Sayuri OKUSHIN, Yoji NISHIDA, Shigeyuki KUSHIHATA and Michio YAMAKIDO*

15 The Protective Effect of Low Power He-Ne Laser Against Erythrocytic Damage Caused by Artificial Heart-Lung Machines. *Takashi ITOH, Hironobu MURAKAMI, Kazumasa ORIHASHI, Taijiro SUEDA and Yuichiro MATSUURA*

23 Dietary NaCl Loading Increases Platelet Ca^{2+} Discharge Capacity in Salt Resistant Essential Hypertension. *Mitsuaki WATANABE*

31 Effect of *N*-Feruloyl Tyramine (an Analogue of Tyramine) on Inwardly Rectifying Potassium Channel in Frog Ventricular Myocytes. *Makoto MUNEMORI, Kaoru YAMAOKA, Irawan YUSUF, Kotaro SUMII, Hideaki OTSUKA and Kazuo YAMASAKI*

37 Spinal Cord Injures in Children Observed Over Many Years. *Osamu YOSHIMURA, Kiyomi TAKAYANAGI, Kotaro KAWAGUCHI, Akiteru TAKAGI and Masayuki NISHIKI*

June 1996 volume 45 number 2

43 Trend of Air Pollution and its Effect on Human Health in Hiroshima Prefecture —A Retrospective Study in the Cities of Otake, Kure, Mihara, Takehara, Fukuyama and Kaita Town, 1977–1992—. *Onny SETIANI*

51 Superoxide Dismutase Activity in Arthropathy: Its Role and Measurement in the Joints. *Hiroshi SUMII, Hajime INOUE, Jinichi ONOUE, Akitane MORI, Takuzo ODA and Tokuo TSUBOKURA*

57 Early Recognition of Patients with Decreased Methotrexate Clearance Following High-Dose Methotrexate Infusion Therapy. *Hiroaki IKEDA, Kenji KIHIRA, Naoharu KUWATA, Shigeaki ARAI, Yasuhiro KIMURA, Katsushi MIYAKE, Teruaki KITAURA, Kingo FUJIMURA, Atsushi KURAMOTO and Hiroshi FUKUCHI*

63 Enhancement of Host Resistance to Microbial Infections in Mice Fed a High Fat Diet by *Lactobacillus casei* Cells. *Takashi WATANABE and Chizuko HOTTA*

69 Histological Progression of Follicular Lymphoma Associated with p53 Mutation and Rearrangement of the C-MYC Gene. *Yasuo TAKIMOTO, Toshiro TAKAFUTA, Fumio IMANAKA, Atsushi KURAMOTO, Naomi SASAKI and Kôji NANBA*

43 Trend of Air Pollution and its Effect on Human Health in Hiroshima Prefecture —A Retrospective Study in the Cities of Otake, Kure, Mihara, Takehara, Fukuyama and Kaita Town, 1977–1992—. *Onny SETIANI*

51 Superoxide Dismutase Activity in Arthropathy: Its Role and Measurement in the Joints. *Hiroshi SUMII, Hajime INOUE, Jinichi ONOUE, Akitane MORI, Takuzo ODA and Tokuo TSUBOKURA*

57 Early Recognition of Patients with Decreased Methotrexate Clearance Following High-Dose Methotrexate Infusion Therapy. *Hiroaki IKEDA, Kenji KIHIRA, Naoharu KUWATA, Shigeaki ARAI, Yasuhiro KIMURA, Katsushi MIYAKE, Teruaki KITAURA, Kingo FUJIMURA, Atsushi KURAMOTO and Hiroshi FUKUCHI*

63 Enhancement of Host Resistance to Microbial Infections in Mice Fed a High Fat Diet by *Lactobacillus casei* Cells. *Takashi WATANABE and Chizuko HOTTA*

69 Histological Progression of Follicular Lymphoma Associated with p53 Mutation and Rearrangement of the C-MYC Gene. *Yasuo TAKIMOTO, Toshiro TAKAFUTA, Fumio IMANAKA, Atsushi KURAMOTO, Naomi SASAKI and Kôji NANBA*

September 1996 volume 45 number 3

75 Dysfunction of Immune System and Induction of Autoantibodies to Liver Antigens by Neonatal Thymectomy in Mice. *Mitsuru MYOZAKI, Mei Qi WANG, Yasuhiro YOSHIDA, Jia Nuo LIU, Etsushi KURODA and Uki YAMASHITA*

85 HLA-DR8 Subtyping by Polymerase Chain Reaction (PCR) – DNA Conformation Polymorphism (DCP) Analysis : a simple and practical genotyping method. *Yasuhiko FUKUDA, Akinori KIMURA, Shuji HOSHINO, Sadanori SHINTAKU, Takemasa SAKAGUCHI, Toshimasa ASAHARA, Miyoko SAKAKI, Ryo SUMIMOTO, Hirotaka TASHIRO, Masahiro FURUKAWA, Hideki OHDAN, Tetsuya YOSHIDA and Kiyohiko DOHI*

93 Effect of Donor Fasting on Survival of Pancreas and Heart Grafts after Warm Ischemia. *Masahiro NISHIHARA, Ryo SUMIMOTO, Toshimasa ASAHARA, Yasuhiko FUKUDA, J.H. SOUTHARD and Kiyohiko DOHI*

99 A New Method to Detect Response of Lymphocytes to Allo-antigens. *Tatsuya OKIMOTO*

December 1996 volume 45 number 4

105 Difference between Proximal and Distal Right Coronary Flow Velocity Pattern in Humans. *Masaki HASHIMOTO, Mitsunori OKAMOTO, Hitoshi FUJIWARA, Takashi SUEDA and Tadakatsu YAMADA*

109 Neutral Endopeptidase Activity in Serum and Cerebrospinal Fluid. *Koutarou MURAKI, Yoshihiro NAKATA, Hiroyuki SIMONAKA, Jun-ichi INOUE, Yuko HIRAI and Mitoshi AKIYAMA*

113 Involvement of Bacterial Antigens in Immunoglobulin A Nephropathy. *Akira HIRABAYASHI, Noriaki YORIOKA, Hiroaki ODA, Yoshitaka SEKIGUCHI, Atsushi KURAMOTO, Sayuri OKUSHIN and Michio YAMAKIDO*

119 Ex Vivo Spleen and Kidney Absorption of Xenoreactive Natural Antibodies Decreases Severity of Hyperacute Rejection in Pig-to-dog Renal Xenotransplantation. *Kohsaku NITTA*
